

DENTAL INSURANCE

As a service to our patients we will gladly *assist* you in the filing of your **PRIMARY** dental insurance claim (The insurance which is first applicable for payment of your dental claim). However, **ALL FEES ARE YOUR RESPONSIBILITY, REGARDLESS OF STATED INSURANCE COVERAGE ESTIMATES.**

Your insurance does *not* have a contract with [Carolina Periodontics & Endodontics](#). The contract is between the patient (yourself) and the insurance company. In addition, not all dental insurance plans cover all procedures provided within our office, and few cover these procedures in full.

Therefore:

We will allow your insurance company **sixty (60) days** to review and make a payment on your claim. After the 60 day period you will be billed in full for the remaining balance on the account. If your insurance company sends payment after your payment has been received, you will be reimbursed any overages. We reserve the right to charge a finance charge on any balance remaining on your account after 60 days.

We do **NOT** accept secondary insurance coverage for payment in this office. After we have received payment from your primary insurance and there is no balance on your account, we will assist you in sending your secondary insurance papers to the proper carrier for reimbursement of that coverage to be sent directly to you.

Please ask the front desk if you would like a copy of any of these documents
