

FINANCIAL POLICY

The fee for your treatment will depend on the treatment complexity being rendered. You will be informed of the fees at your initial visit. Once quoted, fees will not change, except:

1. During treatment, a more complex treatment is required. Every effort will be made to prepare you of this possibility prior to encountering it, and you will be notified as soon as possible once the required treatment changes.
 2. Additional treatment is required.
 3. Quoted fees are only good for 90 days from the date of the quote. Choosing not to continue with treatment during that time period will not guarantee that the rate will remain the same in the future.
- Appointments cancelled less than 24 hours prior to appointment are subject to a \$135 broken appointment fee.
 - Any fees resulting from the collection of your debt is your responsibility. Including, but not limited to the cost of a collection agency.
 - A \$30 charge is applied when a check is returned unpaid.
 - Any treatment or service provided by [Carolina Periodontics & Endodontics](#) with a fee less than \$150 must be paid in full at that visit. We will gladly assist you in filing your insurance forms so you may personally be reimbursed by the insurance company.
